## MTI SERVICE NOTICE SAFE-T-ALERT™ REPLACEMENT CROSS LIST

MTI Industries, Inc. has a number of direct replacement propane alarms for the CCI Controls models. Refer to the cross over list guide below. These are direct replacement units and no modifications are required.

| CCI PROPANE ALARM MODEL | SAFE-T-ALERT PROPANE ALARM MODEL |
|-------------------------|----------------------------------|
| 7770.230                | 30-442-P-AL                      |
| 7770.231                | 30-442-P-BR                      |
| 7770.234                | 30-442-P-WT                      |
| 7770.241                | 30-441-P-BR                      |
| 7770.244                | 30-441-P-WT                      |
| 7770.281                | 30-442-P-BR                      |
| 7770-284                | 30-442-P-WT                      |

**NOTE:** Some CCI units installed in Fleetwood and Winnebago RV's have two power leads. Safe-T-Alert units only have one power lead. Connect the "House" power to the Safe-T-Alert Red wire and cut and cap the "Chassis" power wire.

|          |             |
|----------|-------------|
| 7773.081 | 30-442-P-BR |
| 7773.231 | 30-442-P-BR |
| 7773.151 | 30-442-P-BR |
| 7773.251 | 30-442-P-BR |

**NOTE:** The 30-442 series can be installed both vertically and horizontally.

### SOLENOID VALVE

**WARNING - DO NOT** connect any Safe-T-Alert propane alarm to any solenoid valve controlled by a CCI propane alarm. A burn or fire danger can occur using Safe-T-Alert propane alarms and CCI solenoid valves. The CCI 7719 and valve MUST be removed and replaced by a Safe-T-Alert 70-742-R-KIT.

| CCI<br>PROPANE ALARM W/SOLENOID | SAFE-T-ALERT<br>PROPANE ALARM W/SOLENOID |
|---------------------------------|--|
| 7719.04                         | 70-742-R-KIT-BR                          |
| 7719.14                         | Not Available                            |
| 7719.47                         | Not Available                            |
| 7719.7                          | 70-742-R-KIT-BR                          |

**IMPORTANT:** The 70-742-R-KIT flush mount case dimensions are 6-1/2" wide x 3-1/2" high x 1-3/8" D. A 4" W x 3" H cut out is required with a 1 3/8" clearance for the case.

### COMBINATION PROPANE AND CARBON MONOXIDE ALARM

The Safe-T-Alert 35 series combination propane and CO alarm is a direct replacement for all Safe-T-Alert 30-442 and all CCI propane alarms that can be replaced with a 30-442 alarm. The 35 series is an ideal solution to replace both alarms with one easy to install product. Many older RV's have propane alarms but not CO alarms. The 35 series is the solution to add a CO alarm when replacing the propane alarm.

|           |        |
|-----------|--------|
| 35-742-AL | Almond |
| 35-742-BR | Brown  |
| 35-742-BL | Black  |
| 35-742-WT | White  |

Over the years of running a mobile RV repair service, having a dedicated place to access service manuals for all the different appliances and components found on RVs was something that I always had a desire to create.

I hope this resource makes your RV repairs easier, as it has mine, but please be careful and follow proper safety practices when attempting to repair your own RV.

If in doubt, please consult with a professional RV technician!

DARREN KOEPP - OWNER, MY RV WORKS, INC.
